

OneForAll

The 42 student life platform

Problem to tackle

- 42 services for students are not that easy to find.
- Ideas to improving the 42 community ended most of the time as ideas.

Solution

- Build a Modular Desktop App where you can manage all your 42 services and implement new ones.

The possibilities

Types of services to be implemented:

- crowdfunding
- marketplace
- CV generator

username:

intra

password:

password

Log in

1) Access with your 42 intra

2) Manage your information and different tools for a student.

The screenshot shows the 42 student dashboard for user JALEMAN. At the top is a search bar. Below it is a profile section with a circular profile picture of a man, the name JALEMAN, and details: Location: e3p3r8, Hours at lab: 420h, and Exp this month: 0.69. To the right of the profile is a QR code labeled CV. Below the profile is a calendar view for May, June, and July, with dates highlighted in green. Under the calendar is a 'Settings' section with six buttons: Themes, Add / Remove Tabs, Register a Car, Languages, Reset Password, and Dorm. The bottom of the dashboard features a dark bar with the 42 logo, a blue geometric pattern, a circular icon with a cross, and a silhouette of hands.
