

Community Hackathon

Code the change you want to see at 42

EVENT DETAILS

- Want to see a change at 42?
- Have an idea for a new program to help our campus?
- Each winning team will be invited to implement their project into 42.
- Snacks & Drinks
- Final presentations Friday at 2:42PM

RULES

- Teams can be 2-5
- Each team member must be at least level 4
- Project must be designed with every campus in mind
- Final presentation cannot exceed 5 minutes
- Judges will be a panel of 42 Staff & Bocal

PRIZES & CATEGORIES

- Student Life
- Admin & Facilities
- Community Choice

Winning projects will be implemented into the 42 community if not already running in production. Each team member on the winning teams will also be credited with either a T1 or T2 project, depending on the difficulty or their project.

NEED AN IDEA?

- Tinder for roommates
- Mentor matching program
- Check in/Check out for Student Library
- Resident portal containing dorm rules, general info, and an assignable issue tracker
- Reducing water & electrical usage
- A Housing website to find alternative housing in the area (and roommates)
- A campus website to “book” rooms
- Timesheets website
- Facebook messenger chatbot
- Frontend for the Ambassador website
- A Slack bot that messages you when you are low on credit for cantina.
- A Trello plug-in that automatically creates boards for you based on the projects you are working on in intra.
- A status page that lets you know how many hours you've worked, how many levels you've earned, and how many exams you've taken this month
- Integrate the above point with campus.42.us.org (check stud42.fr)
