

Things to Work On

...

March 4th, 2017

Google Cloud, Tensorflow, and Image Vectorization

Tomas and Raul have successfully set up their cloud instances.

Please talk to them for more information.

Android + Bluetooth

Better manual control.

Used for android camera and robot homing procedure.

Device to be used:

Amazon Fire Tablet

Arduino 101

Trajectory Calculation

Traditional Scara inversed kinematics + rotary attachment polar coordinates.

Trello + Github Invitations
